Ești antreprenor și ai fost victima unui abuz comis de către autorități în timpul controalelor de stat sau cunoști un astfel de caz?

Ne poți scrie inclusiv anonim pe platforma noastră www.faracoruptie.md, sau poți lăsa datele tale și te vom contacta. Noi vom sesiza instituțiile responsabile și vom monitoriza acțiunile acestora. Vom elabora, în caz de necesitate, recomandări și te vom informa sistematic despre acțiunile întreprinse.

Am elaborat un ghid în care explicăm în trei pași cum pot fi protejate afacerile de eventuale amenzi și abuzuri.

Are you an entrepreneur and have you been the victim of abuse committed by the authorities during state checks or do you know such a case?

You can write us including anonymously on our platform www.faracoruptie.md, or you can leave your details and we will contact you.

We will notify the responsible institutions and monitor their actions. We will develop, in case of need, recommendations and inform you systematically about the actions taken.

We have developed a guide where we explain in three steps how businesses can be protected from fines and abuse.

Mai multe despre avertizorii de integritate citiți în materialul colegului nostru Andrei Lutenco ([Andrew Clayton](#))

During the crisis, more than ever, there is a need for citizens, their associations, the media, but also civil servants to be able to tell the truth, to participate in public discussions about the decisions taken by the authorities, to talk about irregularities and abuse.

One of the protection mechanisms of this right - the institution of integrity warners - is still not used to its full potential, even if it could be.

As a society we only have to gain from disclosures - only those who have something to hide have to lose.

More about the integrity warners read in the material of our colleague Andrei Lutenco ([Andrew Clayton](#))
